Herstellerbescheinigung

Nummer: 0000265 Version: 04 Datum: 15.02.2023

Goodyear Germany GmbH hat mit dieser Herstellerbescheinigung das Einbauverbot für die angegebene Bereifung an die Felgenreihe gemäß Kapitel 11 (Anhang I, d. Richtlinie 90/241/EG sowie deren nachfolger 168/1997/EG) in Verbindung mit Kapitel 14 (Anhang X) bestätigt.

Der Trag- und Geschwindigkeitsindex des Reifens deckt die jeweilige Achslast des Kraftfahrzeuges bei Höchstgeschwindigkeit ab.

Die Freigängigkeitsprüfung wurde an serienmäßigen Fahrzeugen vorab durchgeführt. Eine Behinderung der Bewegung des Rades/der Räder konnte nicht festgestellt werden.

Die dynamische Ausdehnung der geänderten Reifenbauart führt zu keiner Behinderung der Bewegung des Rades / der Räder.

Die Reifen sind auf den Serien-Felgen uneingeschränkt montierbar.

Das Fahrverhalten wurde durch fahrdynamische Tests bis zur Höchstgeschwindigkeit mit der geänderten Bereifung durchgeführt. Es ergaben sich hierbei keine negativen Veränderungen.

Die in dieser Herstellerbescheinigung aufgeführten Reifen haben eine Bauteilgenehmigung nach ECER Regelung 75.

Die angegebene Bereifung stimmt nicht mit der Angabe in der Zulassungsbescheinigung Teil I, der Datenbestätigung, der Übereinstimmungsbescheinigung CoC oder der Fahrzeuggenehmigung überein. Bei Montage der Reifen liegt somit eine Änderung und damit ein Erlöschen der Betriebserlaubnis nach § 19 (2) StVZO vor. Entspricht das Fahrzeug ansonsten dem genehmigten Zustand, ist eine Begutachtung gemäß § 21 auf Grund 19 (2) StVZO möglich und nach Umbau unverzüglich erforderlich.

Die Verwendung der aufgeführten Reifenkombinationen setzt voraus, dass sich das oben beschriebene Fahrzeug im unveränderten Originalzustand befindet.
